

# GEORGE DAN GIL DURAN

## 9+ YEARS AS WEB DEVELOPER

Hi, I'm a full-stack developer specializing in PHP particularly in Laravel with Vue.js as front-end. I also have good experience with Inertia.js. Check my [Github](#) account and some of my affiliations to see my status.

## AFFILIATIONS

## EDUCATION

**BS Information Technology**  
**University of Southeastern Philippines**  
2006 - 2010

## SKILLS

## WORK EXPERIENCE

Laravel Web Developer 2020-2022

### The Portland Company - A Digital Marketing Agency - Freelance

An electronic medical record and appointment system made with Laravel and Vue.js.

Web Developer 2017 - 2020

### Jay Hana LCC

A real estate Wordpress website. I modify some codes in their theme and made some useful plugins and customizations.

Fullstack Developer 2015-2017

### EZMCPA

An affiliate marketing website made of Laravel + Vue.js from scratch.

The above are my main job in full time. I have many part-time work and freelance services in which I can't list all of them as most are just basic web development or support related works.
